**\*"Dirt" projects!**

### **June 24: Plants**

**\*Garden expert from Liberty Landscaping/plant projects**

Parents,

Be sure to check out the Snapshot of the Week outside your child's classroom door for a description of each week's learning plans. We are planning a lot of STEAM activities for the summer! The Creation theme is a natural and exciting way to introduce a lot of these lesson

plans. We want all the children to feel they've enjoyed the summertime, while continuing to enjoy opportunities to deepen their knowledge and extend their experiences.

## **Mondays:**

**Chapel &  
Music  
with**

**Ms. Mary!**

## **Library Days:**

Weekly trips to visit the Potters House library in room 209

## **Sunscreen Reminder:**

The Potter's House CDC policy is that every parent coat their child in an all day sunscreen each morning. If the teachers do this each morning for their groups, we would never have time to go outside! (Licensing rules make it time consuming...gloves, handwashing, etc. for each child.) If your child is fair skinned and needs a second coat for the afternoon, please complete box 1 of an administration form, include the brand name of the product, put your child's name on the tube/bottle, and bring it to the office. We will get it to the teacher! **Important Note: Licensing rules prohibit the use of spray sunscreen at the center.**

## **WATER DAYS:**

**Tuesdays: Chelsea, Jennafer, and Nursery (a.m. fun)**

**Wednesdays: Kailyn and Lizzay**

**Thursdays: Jenna, Nikki, Tricia, (a.m.) Mary (after lunch)**

Bring a swimsuit/swim trunks and a towel to be left at PH all summer for water days.

PH staff will wash items weekly.
